Today I contacted the PTO receptionist (703-308-0197) and spoke with a woman named Carolyn, to follow-up with phone call on June 11, 2002 regarding the Restriction Requirement Response being placed in the file.

She stated that the Restriction Requirement was mailed on November 6, 2001, and that the application was now abandoned.

I told her of the previous 2 conversations on May 29, 2002 and June 11, 2002, in which I was originally told the application was abandoned (May 29, 2002 Memo to File), but then that it wasn't (June 11, 2002 Memo to File). She stated that it definitely was abandoned and that, according to the computer, the Notice of Abandonment was sent to Mark Farber at Alexion's Science Park address on June 13, 2002.*

She stated that she would request the file be pulled and give me a call in a "couple days" when she receives the file.

*Note: This may explain why the file was in docketing, as indicated in my June 11, 2002 Memo.
